**Los Angeles Wheelmen VP Report - March 19, 2019**

Hello All:

**Sunday:** Last Sunday we were down in Orange County for "Revel the Rollies From Redhill." After all the lousy weather we have been having it was nice to finally have a really nice day. I thought this would bring out more riders than it did, but we still had 7 riders at the start. I didn't get a shot of the group, but I remember who they were. There was **Nancy Domjanovich, Jacques Stern, Gary Murphy, Phil Whitworth, Sheila Szymanski, Thomas Knoll** and me. There was an eighth rider who wasn't at the start when we left but must have shown up late and caught and then passed us. I believe his name is **Josh**, but I'm not sure. I believe we all did the long (maybe with a few modifications by some). I had ridden a century on my own on Saturday and wasn't really able to keep up with the group at all on Sunday so I don't know for sure how it went with everyone else. But I had a nice day. I passed a time/temperature clock which said it was 82 degrees. We never got out of 60s in February, and now suddenly it was in the 80s. Felt good to me. Gary sent me a few photos from the ride.

Not sure where this was taken, but it must have been early in the ride since I'm still in the picture (the rider in the rear).

This is Gary at the top of a very steep climb after lunch. I had gotten ahead of some of the riders by taking a shorter lunch, but Gary caught me on this hill and I took the photo for him.

**Next Week:** Next Sunday we will be riding "South Bay Typical" which stays fairly close to home. It starts in Torrance and rides down to San Pedro and back. The long is somewhat hilly, making two trips to the top of Palos Verdes, but the medium and short take easier routes. The long range forecast looks good for Sunday, but not quite as warm as last Sunday. I hope to see a lot of you out. It will be the first weekend of spring after all -- time to shake off those winter blues.

**Meeting:** We have a members meeting this Thursday at our usual place -- the Veterans Memorial Center in Culver City (Room B). We have decided to start our meetings at 7:00 p.m. instead of 7:30 as we have in the past. The schedule still says 7:30, but some of us will be there earlier, so feel free to join us at the new start time. In the future, the published schedule will be correct. We still don't have a volunteer to provide refreshments. If you can do this, please contact me.

**Parting Shot:** Not much else to discuss tonight so here are some photos **David Nakai** sent me last week. As you may remember, last week David rode a 200 mile ride by combining 100 mile ride on his own with club century on Sunday. In his account of the ride (which I attached last week) he described all the various places he stopped to eat during the long ride. He sent these photos of the food at each one.

Looks pretty good and when you ride 200 miles in one day, you can afford to eat like that.

See You On The Road

Rod Doty, VP
